ABOUT

Hey! As a designer, editor, and gamer, I enjoy self-learning and embrace the challenges that come with it. Struggling a bit is part of the journey, but trusting the process is key. Besides, reaching the end without any obstacles would be dull. The thrill of overcoming struggles truly excites me.

EXPERIENCE

2023 – present

- Designed a website as an intern For a period of 3 Months.
- Created my Portfolio at <https://santhoshvelan.framer.website/>
- Crafted a Bitcoin and Blockchain presentation with a team of 3 members.
